What does the T-Mobile code do?

Elyse - 2019-11-14 - in Dialer Codes

The T-Mobile code changes the carrier that you are currently on to the T-Mobile network. The code will ensure you stay on that carrier for at least two hours or until you use the "Auto" dialer code. The two hour limit is a dialer code limitation, and not something that Signal Spy has any ability to change.
