What is this "Voicemail Permission" box that keeps popping up?

Elyse - 2020-03-06 - FAQ

If you keep seeing a pop up that looks like this:

Voicemail Permission

In order to handle voicemail correctly Fialer must have permissions for Voicemail

[DISMISS](#) [OK](#)

You need to give Fialer phone permissions. You can do this by going to the list of your apps in Android settings --> Fialer --> Permissions --> Phone --> Allow.
